WORK EXPERIENCE

TritechBD

Web Solutions Assistant – Intern

Aug 3, 2025 - Present

TritechBD is a leading HVAC company specializing in VRF systems and total solutions. I assist in managing the company's websites and contribute to ERP system development and maintenance.

Amanat Business Invest (Startup)

Programmer

Jun 1, 2024-May, 2025

ABI is a micro-investment startup idea for business investment. I designed and maintained frontend and backend codes to deploy the initial project.

Higher Secondary School Certificate - 4.58

Jan 2017 - Jan 2019

Reboti Mohan Pilot School

Secondary School Certificate - 5.00

Jan 2015 - Jan 2017

PROJECTS

ERP Next System

A customized ERPNext solution developed to manage internal business operations including sales, HR, and inventory. Contributed to customizing DocTypes, Client Scripts, and workflow automations to improve process efficiency. Assisted in maintaining and deploying the ERP system across departments.

Amanat Business Invest (ABI)

The **ABI Investment Platform** is a mobile app designed to help users invest in business projects. It features secure user registration and login, investment tracking, and real-time revenue updates. Built-in face detection security ensures a safe and seamless experience for investors. The app also provides a simple interface to manage investments, and withdrawals, and monitor ongoing projects.

Krishi

An innovative agricultural platform aimed at empowering farmers by providing them with tools and resources to improve their farming practices. The platform offers crop management, weather forecasting, market price tracking, and access to expert advice. Farmers can track their crop progress, receive real-time weather updates, and stay informed on the best times to plant or harvest.
